Now is a good time to decide to have a riot. Your identity will be kept strictly confidential. No one will know the riot was sponsored and paid for by you. Just sit back and enjoy the demonstrations, disruption, and destruction. People will think it was completely spontaneous. They'll think the riot began because of a cause you wish to promote. Be sure to tell us the cause you're promoting.

RiotS-Are-US has been in the business of organizing and orchestrating riots for more than seven years. Organic, grass-root (spontaneous) riots are ineffective and no longer in use. We are professionals. We are the most effective riot company in the United States. We have organized some of the most famous riots in recent American history. And we're proud of our record. Call our world headquarters building today and ask for our **RiotS-Are-US** brochure for a list of our riots and more details. Call: 1-800-NEW-RIOT. The next exciting riot you watch on TV in your living room could be *your* riot.

Attention guys and gals between the ages of 18 and 35: Want to have some fun? Want to earn some extra cash? Want some real excitement? Sign up now to become an official **RiotS-Are-US** rioter. You, too, can participate in a nearby riot. It's good exercise, and you can meet new friends. And, the more you destroy, the more bonus money you'll receive. All you need are some black clothes, sunglasses (optional), and maybe a hat. Bring along a mask to cover your face if you don't want to be identified. A backpack is also optional, but it could come in handy. **RiotS-Are-US** provides everything else. You do need to be in good physical condition, however, and able to run nimbly and quickly.
